

CRITERION B: RECORD OF TASKS

TASK NUMBER	PLANNED ACTION	PLANNED OUTCOME	TIME ESTIMATE	TARGET COMPLETION DATE	CRITERION
1	Casual chat with client	Get a general direction of what to do	30 mins	Dec. 7, 2022	A
2	Recorded interview with client	Obtain specific criteria for the code	1 hour	Dec. 12, 2022	A
3	Finish proposal paragraph	Finish proposal paragraph	1 hour	Dec. 14 2022	A
4	Begin planning, start and finish overall flowchart	Develop further understanding of program	4 hours	Dec. 20, 2022	B
5	Create and finish more flowcharts	Plan out important algorithms	4 hours	Dec. 30, 2022	B
6	Design user interface	Make sure program is aesthetic and easy to use	2 hours	Jan. 30, 2022	B
7	Code functions to create database and delete schedules	<p>Program takes information from HTML form to create database to store schedules</p> <p>Program can remove a schedule from the database</p>	4 hours	Jun. 30, 2023	C
8	Code functions to insert activities into database	<p>Program takes information regarding tasks to be completed from the HTML form and inserts into the database</p> <p>Program calculates a "clock time" (e.g./ 8:30) and stores in</p>	6 hours	Jul. 10, 2023	C

		the database			
9	Code functions to view/display schedules	User can click HTML buttons to view a site where the schedule is displayed in a table	4 hours	Jul. 15, 2023	C
10	Build a test plan for success criteria	Review success criteria and build a plan to test if all are met	1 hour	Jul. 20, 2023	B
11	Test the code	Test if all success criteria is met, and adjust the code if they are not	2 hours	Jul. 22, 2023	B, C
12	Interview with client	Chat with client regarding how she feels about the program	1 hour	Aug. 1, 2023	E
13	Evaluate success of the program	Finish Criterion E and build table visualizing if the success criteria are met or not	2 hours	Aug. 12, 2023	E
14	Film video to show how the program works	Show the functionality of the program in relation to the success criteria	2 hours	Aug. 20, 2023	D
